

# *Mario's*

This isn't retro, this is real. We've been around since 1948. There aren't many restaurants with this kind of character. One step inside and you'll see that this is a place that time doesn't touch. We like to keep it that way. From our service to our cuisine, you'll feel right at home in our warm, elegant, and traditional atmosphere. If you like the atmosphere, wait until you taste our food.

Let us cater your event for you in our dining room. We can accommodate from 10 to 400 people. You provide the guests and we'll handle the rest. From our signature filet to our flaming desserts, we're here to dazzle. If you have a special request, please let us know - we love challenges.

From intimate to elaborate we can do weddings, showers, birthday parties, short notice wakes or any other reasons to celebrate life. We're here to help make enjoyable memories.

Please call our catering specialists at 313-832-1616, so we may discuss the details of your event.

*A few observations and thought about the work we love: We at Mario's believe that a restaurant has a personality; a flavor all its own. A character - created by its people. We believe in the ritual of dining be it noon or night. We believe that the enjoyment of food is one of life's great pleasures. We believe that the true measure of success of a restaurant is the degree of esteem and pride gained in the guests' mind and heart.*
